OPPOSITION TO QUINN.

Honolulu, as the Civic Federation failed to endorse either Quinn or Moore, the Democratic nominee.

Moore was not endorsed by the Federation because nobody present could wouch for him and, although his name was referred to the executive committee, it is not at all likely that the Pederation will accept him. Moore is a member of the Spanish War Veterans, and has taken some prominent part in politics heretofore. There seems, by the way, to have arisen some misunderstanding concerning the proceedings of the Federation mass meeting on Wednesday in at least two particulars, one of which was with reference to the endorsement of Frank Archer and district. The name of Archer had been endorsed, when that of Woodward was taken up. Carlos Long raised the point office yestenday, among them Arthur the place of the accident when it this country, where the states might Woodward for Supervisor from Ewa that the Federation had already endorsed Archer, and he did not see how Woodward could be endorsed likewise.

It was explained to the Assemblyman that it was not the purpose of the Federation to put up a ticket of its own. The plan was to select the best men for every office, and when both men named by the political parties were fit, then both could be endorsed and the choice, of course, would rest with the people. And, with this understanding, both Archer and Woodward were given the good word of the

OPPOSE BROWN AND POEPOE.

Indeed, one of the strong points brought out by the Federation mass not propose to enter politics to elect terest of honest and clean administramen named by the several partiesand only in the event that none were deemed fit would it put up new candidates. That is what is to happen in fight for the third man for Supervisor of state.

Another misunderstanding as to what the Secretaryship is but a stepping The last court-martial of an officer Seventy-two were isolated and 205 at prisoner, relates the following story was done at the Federation meeting stone to the Governorship.
